

ORTHOPEDIC RESIDENCY OVERVIEW

ATI's mission is to exceed customer expectations by providing the highest quality of care in a friendly and encouraging environment. To achieve it, we look for phenomenal individuals who are bright, creative, dedicated and energetic to service each of its local communities.

Our Mission

The mission of the ATI Orthopedic Residency is to create a growth opportunity for Physical Therapists interested in becoming board-certified clinical specialists in Orthopedic physical therapy by providing a quality advanced education with guided growth and continuous improvement through strategic initiatives to enhance patient care.

INNOVATION

Residency Program Overview

Our orthopedic residency program runs from August through September of the following year. Depending on our clinic availability, candidates and mentors, we take between 2-4 residents for each location. Our programs are offered in: Boston, MA; Greenville, SC; and Dallas, TX (*starting in 2026*).

Residents dedicate 32 hours per week to patient care while receiving a full salary for their residency education. This educational component comprises 4 hours of one-on-one mentorship, 4 hours of didactic education, and 3-4 hours of specialized practice observation.

Total Residency Hours	
Patient Care	1800 Hours
Didactic	260 Hours
Mentoring	180 Hours
Specialty/Physician Observation	100 Hours

Our residents rotate between different clinics to different patient populations as well as different mentors. Residents typically treat in 2-4 clinics throughout the year, though some locations may remain the same if locations are not drivable. If that's the case, we provide a variety of mentorship experiences during the year. All clinics are within driving distance of their central location.

We have a full pay residency that is valued at \$15,000, and we provide full coverage of that cost with a 2-year commitment to ATI following successful completion of the residency, which can be served at any location with an open position in the company.

Admission Requirements

Residents must be licensed clinicians at the time they start the residency program in the state where they are enrolled in the program (usually SC). We are looking for candidates who are willing to learn, have a strong passion for their area of interest, are flexible, and demonstrate effective communication and teamwork.

To apply using our standard application process, please visit the RFPTCAS website at rfptcas.liaisoncas.com

If you're interested in an early application process (with a decision by November 1st), please email us at residency@atipt.com. We'll provide a link to submit your application through an alternate platform free of charge without a fee.

Application deadline for Orthopedics: December 31

Sample Ortho Resident Schedule

Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
OFF	Didactic/ Journal Club	Clinical Care	Clinical Care	Physician Observation	Clinical Care	OFF
	Clinical Care	Mentorship		Clinical Care		
		Clinical Care
