Textron Corporate is responsible for the overall management and corporate governance of the company. Corporate functions include Finance, Investor Relations, Legal, Tax, Human Resources, Information Technology, Communications, and Strategy.

LEADERSHIP DEVELOPMENT PROGRAM

Most Business Unit locations listed in the U.S.

Textron's Leadership Development Program (LDP) provides an exceptional foundation for early-career employees to gain hands-on experience, develop technical and leadership skills, and broaden future opportunities. Each functional area is made up of two one-year rotations within our seven business units: Bell, Textron Aviation, Textron Systems, Textron Specialized Vehicles, Kautex, Textron eAviation, and Textron Inc. Participants must be geographically mobile as locations vary based on business needs.

Textron eAviation, with a century of flight technology expertise, offers a range of sustainably powered aircraft and spearheads various research and development projects aimed at advancing sustainable aviation solutions. At the forefront of Textron's commitment to eco-friendly flight, Textron eAviation includes Pipistrel, which offers a family of light aircraft and gliders with both electric and combustion engines.
